

Airliner

Jamestown Revival

I've been flyin' down the highway
Moving further down the road
She wants 40 hours from a working man
But she never wants to be alone
Working hard do the best I can Trying to find my way back homeAirliner
Take me higher
Cause I'm tired of riding on
These rolling wheelsI keep living for tomorrow
I keep missing yesterday
I've been spending time like a foolish man
With fool's gold on his mind
Holding out for the perfect hand
It's always somewhat down the line
Airliner
Take me higher
Cause I'm tired of riding on
These rolling wheels
Feeling colder
Growing older
Woah airliner take me high, high, highAirliner
Take me higher
Cause I'm tired of riding on
These rolling wheels
Feeling colder
Growing older
Woah airliner take me high, high, high
Woah airliner I'd be gone goodbye
Airliner
Airliner
Airliner
Airliner
Airliner
Airliner
