Better Day

Madcap

Uncertainty follows me like a shadow and it fogs my vision
Like a blind man I'm in the dark, I walk with no direction
I stumble, I fall, I trip on my own footsteps
Intuition and hope are my eyes in the uncertainty of tomorrow
It will be a better dayHope is a waking dream, I'm only half awake
My room's a place to hide, it's not a place to sleep
A better day awaits for me
A better day awaits for meI know enough to know that I don't know much of anything
If I open my eyes, I see things that I don't want to see
I stumble, I fall, I trip on my own footsteps
Intuition and hope are my eyes in the uncertainty of tomorrow
It will be a better dayHope is a waking dream, I'm only half awake
My room's a place to hide, it's not a place to sleep
A better day awaits for me
A better day awaits for meIf I open my eyes, I see things that make me want to fade away
I stumble, I fall, I trip on my own footsteps
I stumble, I fall, I trip on my own footstepsHope is a waking dream, I'm only half awake
My room's a place to hide, it's not a place to sleep
A better day awaits for me
A better day awaits for meHope is a waking dream, I'm only half awake
My room's a place to hide, it's not a place to sleep
A better day awaits for me
A better day awaits for me
