

Two Suns

Saro

Reckless abandonment has brought me to my knees

A nonbeliever I've forgotten how to be

Don't wallow in puddles of spit (?)

How hollow can someone get I'm

Not who I used to be

I'm not I

There ain't nothin' left of me

Not who I used to be

I'm not I

I am an empty slate, I'm turning a new leaf

Do not resuscitate 'cause I could use the sleep

Don't wallow in puddles of spit

How hollow can someone get I'm

Not who I used to be

I'm not I

There ain't nothin' left of me

Not who I used to be

I'm not I

Not I Today my last mistake

Gates are never opening anyway

Ever is over

I'll never hear the end

Hear the end

I'm

Not who I used to be

I'm not I

There ain't nothin' left of me

Not who I used to be

I'm not I

Not I
