Getaway Car

Jesus Jones

Here come the getaway car
Inside the getaway star
Here come the getaway car
The getaway car don't get that farHere come the getaway car
Inside the getaway star
Here come the getaway car
The getaway car don't get that farPolice sirens going the wrong way
But it makes no difference
There's nowhere left for you to go
This is no way to spend a day
Looking back, scared shitless
I'm telling you nothing you don't knowHere come the getaway car
This ain't no film star
Here come the getaway car
The getaway car's no JaguarHere come the getaway car
This ain't no film star
Here come the getaway car
The getaway car's no JaguarSome of the people stop and stare
But where's the glamor?
Just two scared kids in a dirt cheap car
This is no way to spend a day
Looking back, scared shitless
I'm telling you nothing you don't knowThere sits the getaway car
Smashed up, won't get that far
Doors wide, the getaway car
On foot, the getaway starThere sits the getaway car
Damn close but no cigar
This was the getaway car
The getaway car don't get farThere sits the getaway car
Smashed up, won't get that far
Doors wide, the getaway car
On foot, the getaway starThere sits the getaway car
Damn close but no cigar
This was the getaway car
The getaway car don't get far
