

# I'd Like to Think

**Robyn Archer**

I thank you, for a day or two, or just a little more  
not thinkin' to erase anything from your life  
that has been before

I know you have your friends and lovers  
and I've had mine in my time  
still I'd like to think that the way it goes for you and me  
may be kind

I'd like to think that anywhere I go  
any place my face I show  
I could still think of you  
and come a runnin' to stay a while  
and taste again  
the sweet, sweet way you do  
for you and I are only travellers  
and now and again you gotta make the time  
to brake this spinnin' globe and sayin' quiet  
I am yours, you are mine

I thank you, for a day or two, or just a little more  
not thinkin' to erase anything from your life  
that has been before  
I know you have your friends and lovers  
and I've had mine in my time  
still I'd like to think that the way it goes for you and me  
may be kind  
to brake this spinnin' globe and sayin' quiet  
I am yours, you are mine
