# Happy In The Meantime

## Lit

It's just another reason why
It all comes down to you and I
Well, have another drink
Waste some time with me
We're happy in the meantimeI've gotta make up for losing time
'Cause I've been spinnin' my wheels all night
And I can't wait, can't hardly wait to see you
Things seem better off now
I think I'm better off nowIt's just another reason why
It all comes down to you and I
Well, have another drink
Waste some time with me
We're happy in the meantimeI guess the rain's gonna follow me
'Cause it's been dropping in Minor D
And I can't wait, can't hardly wait to see if
Things are better off now
I think I'm better off nowIt's just another reason why
It all comes down to you and I
Well, have another drink
Waste some time with me
We're happy in the meantime
Happy in the meantimeLet's save a little rain
And wash away the pain
I'll try and keep it clean
I'll show you what I mean
I don't want to keep you holdin' on
'Cause in the morning, I'll be gone
So longLet's have another drink
Waste some time with me
We're happy in the meantimeIt's just another reason why
It all comes down to you and I
Let's have another drink
Waste some time with me
We're happy in the meantime
We're happy in the meantime
Happy in the meantime
