

Up All Night

Razorlight

I love the sacred feelin'
But I made a couple of friends
An' now, well things have never looked so good
An' things have never been so clear
An' now I'm all alone here
I'm always up all night
An' I get the music ringing in my head
An' I, I lose the strength to fight 'Cause I, I've been up all night
She's been up all night
We're, we're just up all night This town is for the counterfeit dreamers
An' maybe I'm one too
Well I, I keep my arm behind my back
When I, I don't know what else to do
The streets that I grew up in
They may mean nothin' to you
But I'll, I'll show you where I come from
If you please just tell me what I'm supposed to do 'Cause I, I've been up all night
She's been up all night
We're, we're just up all night It's sweet, a sacred feelin' you know
It never lasts long
Everytime you turn around
It seems one more part of me, yes it's gone
An' I need your spirit darlin'
An' lend me a helping hand
An' I, I need you in the mornin'
When I've broken up the band 'Cause I, I've been up all night
She's been up all night
We're, we're just up all night (I)
I, I've been up all night
She's been up all night
We're, we're just up all night
I, I've been up all night
