RING RING!!!!

Stop this ringing in my head  
Whats this ringing in my head

[ring]Where am i!?

[ring ring] WAKE UP!

find the strength to do this shit  
when they think that this is fake

we'll never know i know i cant stand these thoughts to be  
in my head

i can do it from the script  
in my head

i think im losing what was lost  
Gone from dead

ITS IN MY HEAD i know i cant stand these thoughts to be  
in my head

i can do it from the script  
in my head

i think im losing what was lost  
Gone from dead

ITS IN MY HEAD way out of the distance  
to a place far away

We'll stumble on something  
Throw it all away!

way out of the distance  
to a place far away

We'll stumble on something

Throw it all away WHATT!!!!!!!!!!!!!! This isnt the 1st time  
that ive been to this place

This isnt the 1st time

just to touch the face of god way out of the distance  
to a place far away

We'll stumble on something  
Throw it all away!

way out of the distance  
to a place far away

We'll stumble on something  
Throw it all away
