Dixon Ward

I know i'll never be
that guy who's calling you at home
to you i'll always be
Jon's friend with the fucked up haircut.
i go to sleep in my new house
i'm wondering how you are
when you eat do you think about me
choking on my...
Jeannie, happy birthday to you
jeannie, happy birthday to you
i never took a cab
i'd rather walk with you back home
i've got a benny goodman song
stuck in my head
"dont be that way" thats it
do you want to learn to jitterbug
with me, it's easy
jeannie, happy birthday to you
you've got pretty hair behind that smile,
youve got pretty hair behind that smile
youve got pretty hair behind that smile
youve got pretty hair
jeannie happy birthday to you
jeannie happy birthday to you
