Deep Down

P.y.t.

I see you all the time, you're watching me
You're not the only one who notices me
Something about the way you flash your smile
That makes me feel like I should stay for a whileOnly secretly you talk to me
I can't understand why
You feel the need to hide
Deep down in your heart you know how you feel
Boy just keep it real with me
You can't be wastin' my time, no noBoy, you play too many games
So baby try if you may
I see straight through ya
'Cuz deep down you wanna be mineI bow my head and I pray
We'll be together someday
I'm gonna love ya
'Cuz deep down you wanna be mineThe sweetest things you do happen when no one's there
But when they come around baby, you seem so scared
You know I dig you and I know you feel it too
Don't let your boys control you man, they're makin' the rulesOnly secretly you talk to me
I can't understand why
You feel the need to hide
Deep down in your heart you know how you feel
Boy just keep it real with me
You can't be wastin' my time, well noBoy, you play too many games
So baby try if you may
I see straight through ya
'Cuz deep down you wanna be mineI bow my head and I pray
We'll be together someday
I'm gonna love ya
'Cuz deep down you wanna be mineBoy, you play too many games
So baby try if you may
I see straight through ya
'Cuz deep down you wanna be mineI bow my head and I pray
We'll be together someday
I'm gonna love ya
'Cuz deep down you wanna be mineJust like the rising of the morning sun
Baby, you shine before my very eyes
Won't somebody tell me, tell me why
You failed to realize what you feel inside, whoa ohBoy, you play too many games
So baby try if you may

I see straight through ya
'Cuz deep down you wanna be mineI bow my head and I pray
We'll be together someday
I'm gonna love ya
'Cuz deep down you wanna be mineBoy, you play too many games
So baby try if you may
I see straight through ya
'Cuz deep down you wanna be mineI bow my head and I pray
(Oh, only secretly you talk to me)
(When I say let's go you never speak)
I'm gonna love ya
'Cuz deep down you wanna be mine
(You act like you don't know me baby)Boy, you play too many games
So baby try if you may
I see straight through ya
'Cuz deep down you wanna be mineI bow my head and I pray
We'll be together someday
I'm gonna love ya
'Cuz deep down you wanna be mine
