

Stay With Me

112

I want you right here with me
If you really wanna be with me
Then come on, just stay with me

'Cause I really wanna get to know youOoh, I want you right here with me

If you really wanna be with me
Then come on and stay with me

Come on and stay with meLook at me girl, I can't believe
This feeling is more than a crush on you
And I can tell by the way you smile

You feel the same and we're both more than friendsIf you want me baby, then tell me so

Why don't you tell me, baby

Candle fade, of love you gotta let it show

Why don't you let your feelings showIt'll be our little secret no one has to know

We can keep it on the down low, baby

We can take it fast, or do you like it nice and slow

I need you by my sideI want you right here with me

If you really wanna be with me

Then come on, just stay with me

'Cause I really wanna get to know youOoh, I want you right here with me

If you really wanna be with me

Then come on and stay with me

Come on and stay with meCan you tell in my eyes

The happiness when you are in my heart

The joy you bring makes me wanna sing

I love you and you mean the world to meIf you want me baby then tell me so

Why don't you tell me, baby?

Candle fade of love, you gotta let it show

Why don't you let your feelings showIt'll be our little secret no one has to know

We can keep it on the down low, baby

We can take it fast, or do you like it nice and slow

I need you by my sideI want you right here with me

If you really wanna be with me

Then come on, just stay with me

'Cause I really wanna get to know youOoh, I want you right here with me

If you really wanna be with me

Then come on and stay with me

Come on and stay with meI want you right here with me

If you really wanna be with me

Then come on, just stay with me

'Cause I really wanna get to know youOoh, I want you right here with me
If you really wanna be with me
Then come on and stay with me
Come on and stay with meIt's not hard girl, to tell
That I'm so in love with you, baby
And I know you feel what I feel
'Cause when we're together it feels so right
So stay with meI want you right here with me
If you really wanna be with me
Then come on, just stay with me
'Cause I really wanna get to know youOoh, I want you right here with me
If you really wanna be with me
Then come on and stay with me
Come on and stay with meI want you right here with me
If you really wanna be with me
Then come on, just stay with me
'Cause I really wanna get to know youOoh, I want you right here with me
If you really wanna be with me
Then come on and stay with me
Come on and stay with me
