

No Better Place

[Joe Sabolick](#)

No better place
No better One
No better thing I would rather do
No one can say
No one has done
No one can be
What You are to me

No better place for me
No better One to seek
In You always to remind me
Your Spirit makes my heart beat

No better place
No better One
No better thing I would rather do
No one can say
No one has done
No one can be
What You are to me

No better place for me
No better One to seek
In You always to remind me
Your Spirit makes my heart beat

There is nothing that can compare
To this love You gave me
Jesus, You're all I need
No better thing has happened to me

No better place
No better One
No better thing I would rather do
No one can say
No one has done
No one can be
What You are to me

No better place for me

No better One to seek
In You always to remind me
Your Spirit makes my heart beat
