Say

El Perro del Mar

Say what you say, what you say, what you say
There's a road that no one would follow
Say what you say, what you say, what you say
There's a road that no one would follow
Say what you say, what you say, what you say
There's a road that no one would follow

Never
(Never)
Never forget there's a road
(There's a road)
No one will get to

Never
(Never)
Never forget there's a road
No one will get to

Never
(Never)
Never forget there's a road
(There's a road)
No one will get to

Never
(Never)
Never forget there's a road
(There's a road)
No one will get to

Say what you say, what you say, what you say
There's a road that no one would follow
You say what you say, what you say
There's a road that no one would follow

You say what you say, what you say
There's a road that no one would follow
You say what you say, what you say
There's a road that no one would follow

Never
(Never, ooh, there's a road no one will get to)
Never
(Never, ooh, there's a road no one will get to)
Never ever ever forget there's a road
No one will get to

Never
(Never)
Never forget there's a road
(There's a road)
No one will get to

Ooh, what you say, what you say
Ooh, what you say, what you say
Ooh, what you say, what you say
Ooh, what you say, what you say

Ooh, what you say, what you say
Ooh, what you say, what you say
Ooh, what you say, what you say
Ooh, what you say, what you say

Say what you say, what you say, what you say
There's a road that no one would follow
