With You

The Subways

I live my life walking down the street
Meet the faces of the people I see
All the time I see your reflection
All the time I see your reflection
It's ok to feel alone
It's ok to be alone
All the time I see your reflection
All the time I see your reflection

Cos when I'm with you
It seems so easy
It seems so easy
My best days are with you
They are so easy
They are so easy

Yeah I don't like givin up
Cos givin up is easy
And I'll see you again
Just tell me where you'll meet me

When I'm with you
It seems so easy
It seems so easy
My best days are with you
They are so easy
They are so easy

When I'm with you
It seems so easy
It seems so easy
My best days are with you
They are so easy
They are so easy
