Inside Out

Die Krupps

What happened to my life
what happened to my pride
I'm a victim of your love
I can't cope with this world no longeryou have my fate in your handsI'm on the verge of self destruction
I don't see a way out
if this was your intention
to turn me inside outwhat's the reason of my life
there's no pleasure in my heart
now I'm disillusioned
and I had so much more in mind
