

# Reign of Terror

## Stratovarius

What the hell is going on?  
Ski jumpers making music that sells gold  
There's no talent in this game  
Hunting, hunting for the famePublicity is all you need  
That's why it feels to me likeReign of terror  
Reign of terrorEverything costs so much nowadays  
And individuals vanish in the haze  
Entertainment for the masses  
Saving, saving your own assesRats are leaving sinking ship  
Still it feels to me likeReign of terrorWhat the hell is going on?  
Everything is upside down  
Hunting, hunting for the fame  
Terror, terror everywhereReign of terror  
Reign of terror  
Reign of terror  
Reign of terror
