Borrow You (Acoustic Version)

Eric Roberson

I see you with your girls and I truly do apologize
Yes, I really realize you're not here for these dudes
I see that big ring on your hand and trust me, girl, I understand
Back at home you got a man and that's not the way I moveBut when the DJ threw this record on, I saw you throw up your arms
Close your eyes and sing along, guess you like this tune
And your legs can't stay still at all, those high-heel shoes, you took them off
So let me escort you to the floor, girlCan I borrow you? Maybe he wouldn't mind
If for a song or two, you can act like you're mine
Oh, can I borrow you, girl? Would that be ok?
Maybe when the song is done we can just walk awayAnd I watching as you go
(Walk away)
As you
(Walk away)
As you
(Walk away)And I watch you as you go
(Walk away)
As you
(Walk away)
As you
(Walk away)I'm fully focused on your swag, not too concerned with what you say
I can't hear you anyway, the smile says it all
Oh, now you wanna turn around, well, I'm not gonna fight you now
I'm not here to slow you down, noSee, I'm just here to compliment, styling anywhere were I fit
Can I get close a little bit? I'm feelin' it, consider it
I'll give for you to just enjoy, I wish I could give you more
But I guess that's not what we're here for, noCan I borrow you? Maybe he wouldn't mind
If for a song or two, you can act like you're mine
Oh, can I borrow you, girl? Would that be ok?
Maybe when the song is done we can just walk awayAnd I watching as you go
(Walk away)
As you
(Walk away)
As you
(Walk away)And I watch you as you go
(Walk away)
As you
(Walk away)
As you

(Walk away)We had some fun, I find it special
I'm so careful not to let my heart talk right now
'Cause you'd get an ear full, for this limited time
I'm in charge of being mineCan I borrow you? Maybe he wouldn't mind
If for a song or two, you can act like you're mine
Oh, can I borrow you, girl? Would that be ok?
Maybe when the song is done we can just walk awayCan I borrow you?
Oh, can I borrow you, girl?
