

# Angry

## Billy Squier

Get your master key...open up your doors  
Set your servants free...they won't come no more  
Wrapped my life in chains...gave my everything  
Learned to feel no pain...now everyday I wake up Angry...angry I said  
Angry...angry I said You pack me in your car...you drive my life away  
But you only go so far...won't take me all the way  
I tried so hard to please...take my place in line  
Begged you on my knees...now all I got makes me Angry...angry I said  
Angry...angry I said Your mantle's 'bout to fall  
Your grip's gonna come undone  
Nobody hear you call...no flowers from anyone  
I'm gettin' down off the rack...i'm takin' this baby back Angry...I've wasted too much time  
I'm gettin' down off the rack  
I'm packin' up all my crimes...and I ain't comin' back  
Your mantle's 'bout to fall...your mantle's bound to fall  
No heaven after all...no heaven after all Angry...no heaven after all  
Angry...no one to break your fall  
Angry...no heaven after all  
Angry...no heaven after all
