

# I Found Love (feat Brenton Matthews)

[Dustin Miles](#)

Got the light and it's shining through  
You say you're beautiful and then it's true  
You know I wouldn't want to lie to you  
So trust me when I say Yeah, yeah, yeah, yeah...  
I found love and I live for you  
Yeah, yeah, yeah, yeah...  
I found love and it's all for you (Drop)  
I want to run into the dark with you  
We'll light it up and let it start anew  
We found a spark inside your darkened soul  
Just stay with me until we grow anew  
Got the light and it's shining through  
You say you're beautiful and then it's true  
You know I wouldn't want to lie to you  
So trust me when I say Yeah, yeah, yeah, yeah...  
I found love and I live for you  
Yeah, yeah, yeah, yeah...  
I found love and it's all for you  
Yeah, yeah, yeah, yeah...  
I found love and I live for you  
Yeah, yeah, yeah, yeah...  
I found love and it's all for you
