Search Your Heart

[Rudolph Taylor](#)

Search your heart and find some love for me
Don't put me baby, don't put me baby
Oh no, no, in misery
Oh no, in misery

Think about the time
I've bend over backward for you, yes I did
And you just snap your finger, baby
And I'll do what you want me to do

So search your heart and find some love for me
Don't put me baby, don't put me baby
Oh no, no, in misery
Oh no, in misery
