

Can I Tico Tico You

Lou Bega

One, two, three, four
Baby, you're my freak once in a week
We gettin' kind of deep in my, eighty six jeep
I don't play no tricks, you know the bomb ticks
The only style I play is my self made hits
And it kicks like that yo, it really does
Was it number one hell yo, it really was
I got the swing the king back in the ring
Ladies throw their bras when I start to sing
Can I rock it? Can I knock it?
Can I lick it? Can I kick it? Can I top it?
You make me hazy, you drive me crazy
And baby, I don't know what I can do
Can I rock it? Can I knock it?
Can I lick it? Can I kick it? Can I top it?
You make me hazy, you drive me crazy
And baby, I don't know what I can do
We can do somethin' fantastic that you never knew
Forget your live in plastic when I keep my eyes on you
I can't cool down because it's gettin' too hot
So please baby, please baby never let us stop

And it kicks like that yo, it really does
Was it number one hey yo, it really was
I got the swing the king back in the ring
Ladies throw their bras when I start to sing
Can I rock it? Can I knock it?
Can I lick it? Can I kick it? Can I top it?
You make me hazy, you drive me crazy
And baby, I don't know what I can do
Can I rock it? Can I knock it?
Can I lick it? Can I kick it? Can I top it?
You make me hazy, you drive me crazy
And baby, I don't know what I can do
One, two, three, four
Can I rock it? Can I knock it?
Can I lick it? Can I kick it? Can I top it?
You make me hazy, you drive me crazy
And baby, I don't know what I can do

Can I rock it? Can I knock it?
Can I lick it? Can I kick it? Can I top it?
You make me hazy, you drive me crazy
And baby, I don't know what I can do
