Stormchild

Leverage

Some said, it's nothing but a story
Some swore, it's all just old man's fairy tales
Beware, she's come to claim her glory
Here comes the stormchildBehold, the heir of mother nature
Dark clouds, her fingers weaving nightmares through the skies
Tiptoe the mountains, dance the waters
Her fate is just a heartbeat away, a heartbeat awayStormchild, stormchild
Laughing as she rides across the skies
Stormchild, stormchild
Now the time is here, better bow in fear before her
Worship the stormchildClosing in from all directions
The hailing thunder, roaring wind, the storming clouds
Steamroll the skies, enrage the waters
And we can only watch her play, it's time to payStormchild, stormchild
Laughing as she rides across the skies
Stormchild, stormchild
Now the time is here, better bow in fear before her
Worship the stormchildRuler of the skies, yeah
Worship the stormchild
Kneel before her might, oh yeahNo need for asking why
Time to live, time to die
Kneel and pray for your poor souls
Storm's rising, you will fallStormchild, stormchild
Laughing as she rides across the skies
Stormchild, stormchild
Now the time is here, better bow in fear before her
Worship the stormchildRuler of the skies, oh yeah
Worship the stormchild
Kneel before her might, oh yeah
