

Life Is Short (Paco Banaclocha Remix)

Dani Moreno

I feel alone
My night is over
Need of control
get out to break the rules
Get on your feet
funny your feet drag
Ive got to run
until the night is overLife is short
Put your hands on the floor
Its meaning tonight
Losing control
Life is short
Put your hands on the floor
I need it tonight
You really want me
Life is short woo woo
Life is short woo woo
Life is short woo woo
Life is short
Put your hands on the floorYou know Im the one
Youre not getting on you
Lets lose control
We are gonna break the rules
Down in the street
funny your feet drag
Im going to rock
until the night is overLife is short
Put your hands on the floor
Its meaning tonight
Losing control
Life is short
Put your hands on the floor
I need you tonight
You really want me
Life is short woo woo
Life is short woo woo
Life is short woo woo
Life is short
Put your hands on the floorLets do it all in the disco light

Party all night
give me moving right
put your hands off
like a wild star
you cant never go too far
You see the DJ in the club
and the ladies on the bar
We lose control
No, We dont care
