Change The World

Michelle Williams

You gotta realize, God has a purpose for your life
You don't have to compromise
Change the world, don't let the world change you
Everybody's lookin' for someone who they can trust , oh
You can be that one, you can show them what it means to love, yeah
Don't compromise all the gifts, God has placed inside of you, ooh
Have the power to change the world, don't let the world change you, you
You gotta realize, God has a purpose for your life, yes He does
You don't have to compromise
Change the world, don't let the world change you
You gotta recognize, truth is right before your eyes
You have the power to change lives
Change the world, don't let the world change you
The world is watching you, they can see that God is on your side, ooh
Because always comes, comes when you need
And He's always right on time, ooh
He's proven that his love for you is so true, so true, so true
So you have the power to change the world
Don't let the world change you
You've gotta realize, God has a purpose for your life
You don't have to compromise
Change the world, don't let the world change you
You gotta recognize, truth is right before your eyes
You have the power to change lives
Change the world, don't let the world
You've been called by God to change the world
And now is the time
You never have to worry, never be afraid
'Cause God is on your side
Oh, you have the power to stand for God in this hour
You've changed the world, changed the world
You've gotta realize, God has a purpose for your life
You don't have to compromise
Change the world, don't let the world change you
You gotta recognize, truth is right before your eyes
You have the power to change lives
Change the world, don't let the world change you
Change the world, don't let the world change you
Change the world, don't let the world change you
