

I Like Your Style

Tony Wilson

I know why, I like your style
I know why, I like your style I've learnt my lesson, you taught
me well
How I feel, only I can tell
You do me fine, like no one know
You know the way to love me
Take me home I know why, I like your style
I know why, I just love your style
It's not just a chance, some things you see
Are meant to happen, just got to be
I know my goals was meant for me
The way your love is, I'll love you keep I know why, I like your style
I know why, I like just love your style
I've learned my lesson, you taught me well
How I feel only I can tell
You do me fine, like I want you to do
Give your love to me like I never do I know why, I like your style
I know why, I just love your style Give it to me
