Aqueous Transmission (From Look Alive)

Incubus

I'm floating down a river
Oars freed from their holes long ago
Lying face up on the floor of my vessel
I marvel at the stars and feel my heart overflowFurther down the river
Further down the river
Further down the river
Further down the riverTwo weeks without my lover
I'm in this boat alone
Floating down a river named emotion
Will I make it back to shore or drift into the unknown
Further down the river
Further down the river
Further down the river
Further down the riverI'm building an antenna
Transmissions will be sent when I am through
Maybe we could meet again further down the river
And share what we both discovered then revel in the viewFurther down the river
Further down the river
Further down the river
Further down the riverI'm floating down a river
I'm floating down a river
I'm floating down a river
I'm floating down a river
I'm floating down a river
I'm floating down a river
I'm floating down a river
I'm floating down a river
