

# For the Moment

## Alice Sweet Alice

Go away, I'm afraid  
With you there could be no escape  
I have no faith  
I've seen truth and reason down the drain But I cling to you for survival  
And I know that you are my bible Get out, I'm scared for the moment  
But I know you'll be there  
Well, I'm scared for the moment  
But I know you'll be there By the way, things you say freak me out  
I go out of my head  
I feel no shame when I turn my back  
And walk away But I cling to you for survival  
And I know that you are my bible Get out, I'm scared for the moment  
But I know you'll be there  
Well, I'm scared for the moment  
But I know you'll be there Get out, I'm scared for the moment  
But I know you'll be there  
Well, I'm scared for the moment  
But I know you'll be there Well, I'm scared for the moment  
But I know you'll be there
