

# Sellin' Out

## Golden Earring

From the Album:

\* No promises no debts She just found out what it's all about  
She don't wanna be another face in the crowd  
Gets on her feet  
Starts walkin' out  
Looks like she's got herself some sense of direction now  
All the birds in the sky sing in harmony  
Sound-track to the title-roll of a success movie  
Featuring little miss make believe  
Everybody wants her nobody gets her  
It's part of the scheme  
There's a shade of doubt she's sellin' out  
I'm glad that she proved the fact  
There's still some a that balls around  
I'm on the couch  
She's on TV  
Can't help thinkin' that she's laughin' right back at me  
Listen all listen here comes my favorite line  
I'll do anything just to save that career of mine  
All right I don't know what she's doin'  
Her feet 're gettin' too big for her shoes  
But it sure beats the eight o'clock news  
Gotta admit it yeah yeah  
You just found out what it's all about  
You don't wanna be another face in the crowd  
Get on your feet  
Start walkin' out  
Looks like you got yourself some sense of direction now  
Beyond a shade of doubt  
You're sellin' out  
I'm glad that you prove the fact  
There's still some a that balls around  
Listen all listen there's a favorite lie  
I'll do anything just to boost that career of mine
