Good, damn
Shit
Look at the ass on that bitch
Look at the tittiesAw, hit me
Hold your legs up on, easy
Hold your legs up on, easy
Hold your legs up on, easy
Oh shitThere's only one place where we can go
To see freaky hoes doin' shows
Doin' tricks to make us holler
On a giving night, all for a dollarSilicone breasts, all on their chests
Not like us but above the rest
They'll do anything to turn us on
Them hoes got it goin' onI like big booty and big ol' titties
Bitch, you know you've been fucked by many
So come and be my Private Dancer
I got some money if that's the answerI really wanna be with you
I get hard after seeing you
How hard? Hard like a rock
When you make that pussy popPop that pussy, hey
Pop that pussy, baby
Pop, pop that pussy, hey
Pop that pussy, babyPop, pop that pussy
Pop, pop that pussy, baby
Pop that pussy
Pop, pop that pussy, babyFreaky bitches with plenty of ass
Rollin' to the music and shakin' real fast
Bend over backwards, make me shout
And work that pussy, in and outMovin' their body with plenty of action
Bringin' to the men more satisfaction
Doin' what they feel to turn us out
Just work that pussy all the way outShake it, don't break it

It took your momma nine months to make it
Bend over and spread 'em, girl
Show me those pussy pearlsRub that ass and play with that clit
You know I like that freaky shit

Straight from the south, into the 90's
Freaky bitches are the ones I like
In G strings in the middle of the nightSmoke filled stages, bitches in cages
Guards at the door, armed with gauges
As they dance and I get hot
Keep throwin' that pussy, don't stopI like the way you lick the champagne glass
It makes me wanna stick my dick in your ass
So come on, baby and pop it quick
I fall in love when you suck my dickBitch, you don't know? You ain't heard?
