

# Let's Do This

## Nouveau Stride

I rode all night on a big old bus  
You came a long way to be with us  
You pay good money to see a show  
Yeah, let's get ready 'cause here we go  
Get on your feet 'cause I'm plugged in  
So come on, let's do this  
I'll turn it on, I'll crank it up  
I'll show you all what I'm made of  
I'll get loud, I'll wear it out  
I'll bring the roof in this house down  
I know just what you came here for  
And I want to hear you scream and more  
Get on your feet, you know you can't resist  
Let's do this, let's do this  
Don't call this work but I'm paid to play  
And the real party starts backstage  
And all my friends they sing my song  
I wish you all could come along  
To take a picture to show your friends  
So come on, let's do this  
I'll turn it on, I'll crank it up  
I'll show you all what I'm made of  
I'll get loud, I'll wear it out  
I'll bring the roof in this house down  
I know just what you came here for  
And I want to hear you scream and more  
Get on your feet, you know you can't resist  
Let's do this, let's do this  
Everybody come on now's the time to get loud  
Throw your hands up, let me hear you shout it out  
All my people let me see you jumping up and down  
Let me hear the words you know, you know  
I'll sing 'em out  
Freak out, scream, shout  
This is what it's all about  
Let me hear the hook now!  
I'll turn it on, I'll crank it up  
I'll show you all what I'm made of  
I get loud, I wear it out  
I'll bring the roof in this house down  
I know just what you came here for  
And I want to hear you scream and more  
Get on your feet, you know you can't resist!  
Let's do this, let's do this, let's do this!
