

# Dead Inside

## Insect Warfare

How does it feel when you're dead inside?  
Lost someone to the other side  
Felt so bad 'cause you didn't cry  
Couldn't shed a tear 'cause you're dead inside  
How does it feel when you're cold inside?  
Emptiness constant at your side  
Freezing every secret thought you hide  
Motionless, frozen hell design  
It feels vulgar  
It feels vulgar  
It feels vulgar  
It feels vulgar  
How does it feel when you're lost and blind?  
Loneliness is your only guide  
And how does it feel when you're black inside?  
Numbness calls from your inner eye  
It feels vulgar  
It feels vulgar  
It feels vulgar  
It feels vulgar  
It feels vulgar  
It feels vulgar  
It feels vulgar  
It feels vulgar  
It feels vulgar  
It feels vulgar  
It feels vulgar  
It feels vulgar  
It feels vulgar
