

LIE BURIED WITH A VENGEANCE

DIR EN GREY

I rail at the sordid you
Something's missing from my mind
Haizuri mawaru munashiki ikizamasa
Something's missing from my heart This is the real world
Sou da oshiyoseru kanjou o nejikome
So attack, so attack, delete everything
Crime without reason does exist
I am the soul of revenge Something's missing from my ears
Minikui sakebi mibaeru aijou ka
Something's missing from my voice This is the real world
Chi de chi o arai seigi o kakagero
So attack, so attack, delete everything
Crime without reason does exist
I am the soul of revenge Mind over all
Nanimo ka mo nagesutero Has my head gone mad?
Mukachi ni ore o kazatta sarudomo ka
Has my heart gone mad? This is the real world
Dobunezumi, haiena, kusobuta bakari
So attack, so attack, delete everything
Crime without reason does exist
I am the soul of revenge Mind over all
Nanimo ka mo nagesutero Taste the destiny
Are you the most superior leader of all?
Taste the destiny
Are you the most superior leader of all? Fuck, fuck, fuck, fuck, fuck, fuck
You're a motherfucker
Fuck, fuck, fuck, fuck, fuck, fuck
You're a motherfucker
