

Hold Me Tight

JSQZE

Ima love you and a squeeze your everything that you need to, come on and hold me tight girl

I don't want to hear it,
No more fussing and a fighting baby
Hold me tight (hold me tight x2)
Let's let bygones be bygones
Forget about tomorrow girl
Our futures bright (woahh)
I know I was wrong
And I was just a fool
Too blind to see
You were the only girl for me
Oh but now I see the light
And everything is gonna be alright (every little thing is gonna be alright)
Yeahh
Hold me tight

Ba ba baba ba baba ba (few times)

Yeah yeah yeah yeah yeahhhh yeah
Girl tell me the stresses of your mind
Girl you know the troublesness and I've got time
And you know that when I listen I will hold you tight,
If you want with them sleepless nights yeah
If there's anything that I can do
Ooohh you know that I would do it just for you cos (imma love you, and a squeeze you, everything ah that you
need ah c'mon and hold me tight girl)

I don't want to hear it
No more fussing and fighting baby
Oh hold me tight
Let's let bygones be bygones
Forget about tomorrow
Our futures bright
I know I was wrong
And I was just a fool
Too blind to see
You was the only girl for me
Oh but now I see the light and everything is gonna be alright
Hey yeahhh

Hold me tight

You know I love you (ba ba baba ba baba ba x2)

I said you know I love you yeah yeah (ba ba baba ba baba ba x3)

You know I love you

N-n-now you know I love you

I said you women now you know I love you

I said you know, I love you yeah yeah yeah yeah
