Algeria

Batida

Escaping contamination
Is a difficult operation
I need some hibernation
Hide me from the evil
Protect me from the vulturesThe men and the women
Drink and make children
They need some hibernation
To hide them from the evil
Protect them from the vultures
Guide me through the colorsSpring it dies summer arrives
Summer dies autumn arrives
Autumn dies winter arrives
Forever and ever ever and everI need this hibernation
To stray with deviation
To gather some information
Hide me from the evil
Protect me from the vultures
Guide me through the colorsSpring it dies summer arrives
Summer dies autumn arrives
Autumn dies winter arrives
Forever and ever ever and ever
Ever and everSpring it dies summer arrives
Summer dies autumn arrives
Autumn dies winter arrivesSpring it dies summer arrives
Summer dies autumn arrives
Autumn dies winter arrives forever
