

Algeria

Batida

Escaping contamination
Is a difficult operation
I need some hibernation
Hide me from the evil
Protect me from the vultures
The men and the women
 Drink and make children
 They need some hibernation
 To hide them from the evil
 Protect them from the vultures
Guide me through the colors
Spring it dies summer arrives
 Summer dies autumn arrives
 Autumn dies winter arrives
Forever and ever ever and ever
I need this hibernation
 To stray with deviation
 To gather some information
 Hide me from the evil
 Protect me from the vultures
Guide me through the colors
Spring it dies summer arrives
 Summer dies autumn arrives
 Autumn dies winter arrives
 Forever and ever ever and ever
Ever and ever
Spring it dies summer arrives
 Summer dies autumn arrives
Autumn dies winter arrives
Spring it dies summer arrives
 Summer dies autumn arrives
 Autumn dies winter arrives forever
