# Transforming the Amber

## Calico System

Waiting in the darkness in the cold
Holding your hand, our hearts all aloneBecause I've been waiting, waiting so long
And I've been waiting for you
Because I've been waiting, waiting so long
And I've been waiting for youIf all else fails I fail too
I let you down, I fall too
If all else fails, I fail too
You jump headfirst, I jump too
If all else fails, I fail too
You cut your wrists, I bleed too
If all else fails, I fail too
You kill yourself, I die tooI hope heaven would know
We'll be dancing all the way
I hope heaven would know
We'll be dancing all the wayBecause I've been waiting, waiting so long
And I've been waiting for youCovered in ashes our bodies burnt
because we fought though ran straight through the fire
Blistered and scarred, it no longer hurts
because you're everything, everything that I desireMy life starts with you
My life starts with you
Starts with you
Soon I'll be with you (with you)
Soon I'll be with you (with you)Soon I'll be with you
