Gasoline

Britney Spears

Ooh, ooh, yeah
You're so bright like a dream
You burn up everything
We might make a scene
Ignite gasoline
When the music goes up
And the sun goes down
Lightening strikes and I'm on the ground
Only one that I want around is you, yeah
Spark and it's like gasoline
I start purring like a machine
My heart only runs on supreme
So hot, give me your gasoline, yeah
You're setting me on fire
You're setting me on fire
You're setting me on fire, yeah
You're setting me on fire
You're setting me on fire
You're setting me on fire, yeah
Heatwave on the floor
Escape, exit door
Your touch burning me
It's too much gasoline
When the music goes up
And the sun goes down
Lightening strikes and I'm on the ground

Only one that I want around is you, yeah
Spark and it's like gasoline
I start purring like a machine
My heart only runs on supreme
So hot, give me your gasoline, yeah
You're setting me on fire
You're setting me on fire
You're setting me on fire, yeah
You're setting me on fire
You're setting me on fire
You're setting me on fire, yeah
Yeah, yeah, damn boy, what'd you do to me?

Yeah, you set me on fire, yeah
Spark and it's like gasoline
I start purring like a machine
My heart only runs on supreme
So hot, give me your gasoline, yeah
You're setting me on fire
You're setting me on fire
You're setting me on fire, yeah
You're setting me on fire
You're setting me on fire
(It's hot in here)
You're setting me on fire, yeah
