Angel (Rico Remix)

Gothminister

Take my hand just to be my loveThese wings won't learn to rise
In the pale and wicked light beneath the skies
Broken, blinded, you are paralyzed
You belong to them who believe they'll be deniedTake my hand just to be my love
The time has come to rise above
The angel now has broken wings
And something to obtainTake my hand just to be my love
The time has come to rise above
The angel now has broken wings
And something to obtain
The day the sun just went awayYou're shivering in the dark
Can't you feel its coming closer every time?
Now the Mentor is calling you
Can't you see the flames beyond your fading eyesTake my hand just to be my love
Be my love just to be the oneTake my hand just to be my love
The time has come to rise above
The angel now has broken wings
And something to obtainTake my hand just to be my love
The time has come to rise above
The angel now has broken wings
And something to obtain
Take my hand just to be my love
The time has come to rise above
The angel now has broken wings
And something to obtainThe day the sun just went away
