# You Can't Rap

## Quadeca

I got many dreams, lotta passion
Iâ€™ma get there by any means just imagine.
just know that anything can happen
take chances put everything in rapping.

I donâ€™t even really need to go fast
flow back not wandering like a no mad
so glad. they all melt like a snowman.
back to back tracks got drake saying oh man

not again gotta lotta friends
who wanta end all my shit
unsub like itâ€™s on demand

I been living in the moment gotta lotta fans
pedophile back at it again with the white vans
canâ€™t lie man i gotta lotta white fans.
Can I get an ultralight beam maybe by chance?
Everyday i been switching up on my stance
Scare everyone away whenever I dance
People in the comments saying that I canâ€™t rap
Ok cause I didnâ€™t understand that.
Fuck you cause I think itâ€™s time to stand back
You be sitting getting in the way like a sand bag
If you wanta talk trash say it to my face.
I be singing LaLA i got 2 la
I be laughing haha at the human race.
hey iâ€™m in the lead not far from a newer place

Getting sicker and sicker
the flow on the track getting quicker and quicker. shiver me timbers. Im winnin these bigger.
killer victor not swiping left like itâ€™s tinder.
They filter my picture and put it in bad light.
me playing these rappers a bad fight.

me spitting these bars is a mad sight.
haters be changing opinions is that right?

Iâ€™m winning iâ€™m living. iâ€™m spitting a million words per the minute iâ€™m in it to win it. im fixin to hit it. this shit is my mission not up to opinions. you know iâ€™m grinning.

not religious but iâ€™m sinning. sitting but iâ€™m getting listens while iâ€™m shittin.
limits at the sky only the beginning. better get it I ain;t chilling, cause iâ€™m switching.
positions yes i am grippin whatâ€™s killin. these villains tryna knock me down like a building.
Iâ€™m picking up i will fill in iâ€™m bridging together you know that itâ€™s written.
these bitches are bitching. all of these snitches are snitchin. emitting that negative energy shifting.it fit in but they afraid to admit it. haters twitching while iâ€™m benefiting. hella lifted. never fittin. like a cinderalla princes in them little slippers.
people getting grumpy need a bit of snickers when this track drop iâ€™ll be little richer. gotta feel the picture. gotta feel it bigger. than nobody else. I will be the victor. I will be the winner i will see them enter. I will be whoâ€™s better. If you donâ€™t believe me then will see whoâ€™s better.
