

Make A Wish

Centory

Yeah, yeah
Ah, yeah
Today's your day
We going out my baby
You and me
It's a safe location
Let's get away
For your birthday
Take a nice little trip
Somewhere cross the bay
Hit the mall
Go get your tips did up
Your nanny got the kids
Let's live it up
About a quarter to eight
And I won't be late
The 55 will be parked
At the gate baby
Make a wish
Close your eyes
Blow away hey
When you're done
Girl
Give me a kiss
Make a wish
I'll make
All your dreams
Come true
Make a wish
Girl
There's nothing
That I wouldn't do
Make a wish
Just make a wish
Write out a list
What's broke is fixed
Make a wish
What's diamonds
And pearls

You know
You're my girl
I'll give you the world
 Make a wish
I ain't talking bout
 No ifs or maybes
 No possibles
 Girl
You're driving me crazy
 Make a wish
Now open your eyes
 I gotta surprise
 It's in the garage
 I copped a CI645
 Are you ready
 To take
 Your first slide
 Cut the ribbon
 Off the whip
 Put the key in
 And let's shift
 Let's ride
From coast to coast
 Hit a nice lounge
 Might as well
 Have a toast baby
 On this special day
 We're gonna celebrate
 My baby's birthday
 Make a wish

Close your eyes
 Blow away
 When you done
 Girl
 Give me a kiss
 Make a wish
 I'll make
 All your dreams
 Come true
 Make a wish
 Girl
 There's nothing
 That I wouldn't do
 Make a wish

Just make a wish
Write out a list
What's broke is fixed
Make a wish
What's diamonds
And pearls
You know
You're my girl
I'll give you the world
Make a wish
I ain't talking bout
No ifs or maybes
No possibles
Girl
You're driving me crazy
It's your day
Girl
You're bout
To have it your way
We can set it off
At the spa
Black card no limit
Anything
You want you can get it
We'll talk no gimmick
Yeah
I'm committed
Gourmet chefs
Fireworks and more
Camcorder
Gonna catch it all
Make a wish
Make a wish
I'll make
All your dreams
Come true
Make a wish
Girl
There's nothing
That I wouldn't do
Make a wish
Just make a wish
Write out a list
What's broke is fixed
Make a wish

What's diamonds
And pearls
You know
You're my girl
I'll give you the world
Make a wish
I ain't talking bout
No ifs or maybes
No possibles
Girl
You're driving me crazy
Make a wish
