Moonlight and Music

Ruby & The Romantics

Oh, oh, oh, oh.....(Moonlight and music... starlight and melody
if someone is crying ... what can her trouble be...)My love is gone... my love is gone
And I'm left ... with only... memory
Oh, what good is... moonlight
if he's... not here... with me(Moonlight... Music... Melody...)Oh, oh, oh, oh.....
(Write him a letter... make him see
that you will await him ... 'til eternity... oh...)I'm gonna write him a letter
And I'll make him see... that I'll wait patiently
here... in the moonlight
I'll see... my blue... misty(Moonlight... Music... Melody...)My dear, dearest darling... this letter says my love
every word of promise... that I'll be worthy of
I'll wait... I'll wait ... here... in the moonlight
the moonlight... the moonlightOh, oh, oh, oh.....
(Moonlight and music... starlight and melody...)
(Moonlight and music... starlight and melody...)
Oh, oh, oh, oh.....
(Moonlight and music... starlight and melody...)
