Louder

Charice

Louder [x4]

I'm staring out of my window
And the rain is pouring down
When you left, I was so low
But I'm not gonna drown

I don't need no shoulder
I'm gonna be a soldier
I just wanna feel somethin' I don't understand

I'm just gonna run right through the rain
I'm just gonna dance right through the pain
I just wanna feel that rhythm, feel that drum
Let my heart beat louder
Let my heart speak louder than my head (head, head, head)
Heart beat louder than my head (head, head, head)
Heart speak louder
Wanna feel that rhythm, feel that drum
Let my heart beat louder
Let my heart speak louder than my head

I, I am over overthinking of how to get you back
I'm checking out for the weekend
And I ain't going back

I don't need no shoulder
I'm gonna be a soldier
I just wanna feel somethin' I don't understand

I'm just gonna run right through the rain
I'm just gonna dance right through the pain
I just wanna feel that rhythm, feel that drum
Let my heart beat louder
Let my heart speak louder than my head (head, head, head)
Heart beat louder than my head (head, head, head)
Heart speak louder
Wanna feel that rhythm, feel that drum
Let my heart beat louder

Let my heart speak louder than my head

Oh, letting go
Yet it feel so good, so right
Oh, all I know
Is that I let my heart beat
Heart speak louder than my louder than my
Heart beat heart speak louder than my louder than my
Heart beat heart speak louder than my louder than my louder, louder, louder, louder

I'm just gonna run right through the rain
I'm just gonna dance right through the pain
I just wanna feel that rhythm, feel that drum
Let my heart beat louder
Let my heart speak louder than my head (head, head, head)
Heart beat louder than my head (head, head, head)
Heart speak louder
Wanna feel that rhythm, feel that drum
Let my heart beat louder
Let my heart speak louder than my head
