Rodeo Clown

Lifetime

Did you know that I kept that for a year?
And all this time I figured you'd be here.
Oh. Last time I saw you I tried to move through the crowd
and I was calling you name, but the band played too loud.
Last time I saw you I tried to move through the crowd.
Did you know that I kept that for a year?
And all this time I figured you'd be here. Go.
Last time I saw you I tried to move through the crowd
and I was calling you name,
oh but the band played too loud.
Last time I saw you I tried to move through the crowd.
Rodeo Clown.
Rodeo Clown.
Did you know?
Rodeo Clown.
