Gettin' Me Over Mountains

Tracy Byrd

It's an everyday battle
Just tryin' to break even
No, there ain't no gettin' ahead
When you're just gettin' by
But she's standin' on the front porch
When I get home in the evenin'
That's how I know
Everything's gonna be all right
I've crossed rivers with her kisses
Come through hard times with her soft touch
I don't know how but she makes it look easy
Gettin' me over mountains with her love
These days, I wanna give up
Declare the world a winner
When the bills and the dog gone boss
Won't cut me no slack
But when were turnin' these lights down
And I'm lyin' there with her
There ain't a rock on the road of life
I can't get past
I've crossed rivers with her kisses
Come through hard times with her soft touch
I don't know how but she makes it look easy
Gettin' me over mountains with her love
Oh, gettin' me over mountains with her love
