

# That's the Way It Goes

## Manhattan Transfer

I still remember the day that we met  
Your smile is something I'll never forget  
And since that day my love grows and grows  
And that's the way it goes, the way it goes I spent a lifetime just waiting for you  
But from now on, dear, my searching is through  
For you have made all my dreams come true  
And that's the way it goes From out of nowhere you came into view  
Now I'm completely in love with you  
You walked right in, my heart walked out  
You took its place without doubt Oh, won't you please open your heart to me?  
For since I've known you, you're all that I see  
You are the one love that my heart has chosen  
That's the way it goes, it goes
