Knight In Shining Armour

Glenn Claes

He's her knight in shining armour, he's the one that got away. He's the cold and lonely rider at the dark end of the day.
He's the one that she will picture as her mind drifts away.

He's her knight in shining armour, he's the one that got away.
He's the cold and lone survivor, as he takes her breath away.
Everybody wants forever, I just want to burn up bright.

This ain't love you know, love will make you fall.
This ain't love you know, love will make you crawl.

She's the sun upon him smiling, she's the one that got away.
She's a sad and lonely dancer, as the evening slides away.
She's the one that he will picture, like a diamond in his mind.

This ain't love you know, love will make you fall.
This ain't love you know, love will make you crawl.
And this ain't love you know, love will take it all.

(Oooh)
Take it all back through the hands of time.
Take it all back through a set-and-rewind(?)

I'm sick and tired of trying
I'm sick and tired of lying
I'm sick and tired of trying and making it through it all

He's her knight in shining armour, he's the one that got away. He's the cold and lonely rider at the dark end of the day.
Everybody wants forever, but I just want tonight.

And this ain't love you know.
And this ain't love.
(Repeat)
