Only You

Ellie Goulding

Only you can be,
the aching in my heart,
my enemy,
the only animal I couldn't fight,
you hold me in the dark when storms arrive,
Only you
Only you can see,
the emptiness I feel,
when you're with me,
when everything you say,
I'm on my knees,
baby I'm on my knees,
baby I'm on my knees,
baby I'm on my knees,
only you.
When everything you say
I'm on my knees,
baby I'm on my knees,
baby I'm on my knees,
baby I'm on my knees.
Only you can be,
the aching in my heart,
my enemy,
the only animal I couldn't fight,
you hold me in the dark when storms arrive,
Only you,
only you,
only you.
Only you could see,
the emptiness I feel,
when you're with me,

when everything you say,
I'm on my knees,
baby I'm on my knees,
baby I'm on my knees,
baby I'm on my knees,
only you.
When everything you say

I'm on my knees,
baby I'm on my knees,
baby I'm on my knees,
baby I'm on my knees.
Only you could be,
the aching in my heart,
my enemy,
the only animal I couldn't fight,
you hold me in the dark when storms arrive,
Only you,
only you,
only you.
Only you
only you
only you
only you
only you
only you
Only you could be,
the aching in my heart,
my enemy,
the only animal I couldn't fight,
you hold me in the dark when storms arrive,
Only you.
