

# Turn On The Action

## Quincy Jones

I'm like a wildcat at midnight  
I'm like a stick of dynamite  
Evil senses taking over me  
Gonna let the action steal the night  
Turn up the heat  
Turn down the lights  
(Action, action)  
Turn up the heat  
Baby go all night  
Turn on the action  
Turn on the night  
Turn on the action  
Turn on the night  
I'm looking over my shoulder  
I'm running reckless through the night  
Forever young not getting older  
Satisfaction guaranteed tonight  
Turn up the heat  
Turn down the lights  
(Action, action)  
Turn up the heat  
Baby go all night  
Turn on the action  
Turn on the night  
Turn on the action  
Turn on the night  
Turn on the action  
Turn on the night  
Turn on the action  
Turn on the night  
Turn on the action  
Turn on the night  
Turn on the action  
Turn on the night
