# Suffer

## Project Theory

(VERSE 1)
Inside my mind there's something wrong
Feels like I've never felt before
Memories haunting me again
The air is cold and I'm afraid(Pre Chorus)
If I am dreaming I don't know I'm not sure
I feel depressed and I really can't move
Sometimes I feel those chills every night
It's dark, (the) dawn is away and I can't fight
Now I feel I'm a prisoner inside my body
Please somebody take me out it's not right
Sometimes I feel those chills every night
It's dark, dawn is away and I can't fight(CHORUS)
Inside of me, I feel the pain and I suffer
As you can see, the only hope is corrupted(VERSE 2)
My soul is dark I don't feel right
Desperately searching for the light
Those whispers bring me fear inside
The dawn is away and I can't fight(CHORUS)
Inside of me, I feel the pain and I suffer
As you can see, the only hope is corrupted(CHORUS) (x3)
Inside of me, I feel the pain and I suffer
As you can see, the only hope is corruptedWhat to do, and what to say
Forget about the shit that happened in your life yesterday
It's a new dawn, it's a new day
Just move on and don't let yourself decay
Your soul is dark and you don't feel right
You gotta figure out what is wrong with you at night (goodnight)
Now you know, the nightmares are gone
It's a new day, it's a new dawn.
