

The Rain

K-OS

You say you love me but then you turn and walk away
All for a love not even born yesterday
I see you on the streets and you just pass me by
You think I got no feelings, think Im living high But let me tell you
I could be on the TV, I could be in their magazines
But its never enough when you felt the touch
Of an angel thats rocking your soul When the rain comes down
Youre never around
But when the sun comes up
You always steal the fire And rain comes down on this side of town
But people have no feelings
They just run around
They just, they just We keep chasing dollars, its making me holler, I just dont know
I dont need a check, I need some respect, so people you know
And the war and the babies crying
And the car and the house and the rings and the things
That dont mean nothing You could try to hate, classify and make your rate down
But Im here to elevate, Ill be floating in outer space now When the rain comes down
Will you be around?
When the sun comes up
Will you always steal my fire? And rain comes down on this side of town
But people have no feelings, people
